

AMENDMENT TO THE RULES OF THE BOARD OF REGENTS AND THE  
REGULATIONS OF THE COMMISSIONER OF EDUCATION

Pursuant to sections 207, 6504, 6507, 6509, 7200, 7204-a, 7204-b, 7206-b, 7205, 7207, 7208-a and 7210 of the Education Law, Chapters 61 and 475 of the Laws of 2014, and Chapter 9 of the Laws of 2015

1. Subdivision (a) of section 29.3 of the Rules of the Board of Regents is amended, effective November 21, 2016, to read as follows:

(a) Unprofessional conduct shall also include, in the professions of architecture and landscape architecture, engineering, [and] land surveying and geology:

(1) . . .

(2) . . .

(3) . . .

(4) . . .

(5) . . .

(6) . . .

(7) . . .

(8) . . .

(9) . . .

2. Section 52.46 of the Regulations of the Commissioner of Education is added, effective November 21, 2016, to read as follows:

§52.46 Professional Geologist.

In addition to meeting all the applicable provisions of this Part, to be registered as a program recognized as leading to licensure as a professional geologist, which meets the requirements of section 68.7 of this Title, the program shall:

(a) be a program in geological sciences or a substantially equivalent program as determined by the department, which leads to a bachelor's or higher degree, and includes the following:

(1) a minimum of six semester hours in college level mathematics beyond algebra and trigonometry, such as calculus, statistics, linear algebra, differential equations or their substantial equivalent as determined by the department;

(2) a minimum of 15 semester hours or the substantial equivalent as determined by the department in a combination of at least two of the following sciences:

(i) physics;

(ii) chemistry;

(iii) biology; or

(vi) their substantial equivalent as determined by the department;

and

(3) a minimum of 30 semester hours in geological sciences coursework or the substantial equivalent as determined by the department, of which 24 semester hours or their substantial equivalent shall include at least one course from four of the following eight subject areas:

(i) earth materials;

(ii) sedimentary geology;

(iii) engineering geology (geotechnology);

(iv) surficial and near-surficial geology;

(v) hydrogeology;

(vi) geodynamics;

(vii) economic geology;

(viii) geological skills/applications; or

(ix) their substantial equivalent as determined by the department.

3. The title of Part 68 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

ENGINEERING, [AND] LAND SURVEYING AND GEOLOGY

4. Subdivision (b) of section 68.1 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016 to read as follows:

(b) Prior to licensure the applicant must accrue 12 years of acceptable education/experience credit. One year of education/experience credit may be earned for each year of work experience acceptable to the State Board for Engineering, [and] Land Surveying and Geology pursuant to section 68.2 of this Part. Two years of education/experience credit may be earned for each year of professional engineering education obtained in a program leading to a bachelor's degree in engineering and accredited by an acceptable accrediting agency which specializes in the fields of engineering or in a program equivalent to such an accredited professional engineering program.

5. Section 68.7 of the Regulations of the Commissioner of Education is renumbered section 68.10 and a new section 68.7 is added, effective November 21, 2016, to read as follows:

§68.7 Professional study for professional geologists.

(a) As used in this section, acceptable accrediting agency shall mean an organization accepted by the department as a reliable authority for the purpose of accrediting geological sciences, engineering or other science programs, as having reasonable accreditation standards, and as an organization that applies its criteria for granting accreditation of programs in a fair, consistent, and nondiscriminatory manner.

(b) To meet the professional education requirement for licensure as a professional geologist, the applicant shall present satisfactory evidence of:

(1) holding a bachelor's degree awarded upon successful completion of a bachelor's degree program in geological sciences registered as leading to licensure pursuant to section 52.46 of this Title or accredited by an acceptable accrediting agency, or a bachelor's degree program that is substantially equivalent to such a registered program as determined by the department; or

(2) holding a bachelor's degree awarded upon successful completion of a bachelor's degree program in a related science or engineering and a master's or doctoral degree awarded upon successful completion of a master's or doctoral degree program in geological sciences that satisfies the requirements of section 52.46 of this Title, or a bachelor's degree and a master's or doctoral degree from programs that are substantially equivalent to such programs as determined by the department; or

(3) twelve years of experience acceptable to the State Board for Engineering, Land Surveying and Geology pursuant to paragraph (4) of subdivision (a) of section 68.8 of this Part.

(c) The department may accept completion of the following in lieu of not more than one year of acceptable experience:

(1) holding a master's or doctoral degree awarded upon successful completion of a master's or doctoral degree program in geological sciences following successful completion of either a licensure qualifying bachelor's program pursuant to section 52.46 of this Title or accredited by an acceptable accrediting agency, or a bachelor's degree program that is substantially equivalent to such a registered or accredited program as determined by the department; or

(2) holding a bachelor's degree awarded upon successful completion of a bachelor's degree program in a related science or engineering and a master's or doctoral degree awarded upon successful completion of a master's or doctoral degree program in geological sciences that satisfies the requirements of section 52.46 of this Title, or a bachelor's and master's or doctoral degree from programs that are substantially equivalent to such programs as determined by the department.

6. Section 68.8 of the Regulations of the Commissioner of Education is renumbered section 68.11, and a new section 68.8 is added, effective November 21, 2016, to read as follows:

§68.8 Experience acceptable for licensure as a professional geologist.

(a) Practical experience in geological work satisfactory to the board shall be verified in a manner acceptable to the board and shall:

(1) encompass a broad range of geological subdisciplines;

(2) demonstrate comprehensive understanding of geological principles and concepts, as well as the ability to apply those principles and concepts to the practical solution of geological problems or issues;

(3) demonstrate progressive professional practice beyond data collection, routine sampling, laboratory work or geological drafting, that requires independent judgment, competency, and accountability such that the applicant is qualified to assume responsible charge of geological work; and

(4) include at least five years of professional experience, after successful completion of the education requirements set forth in paragraph (1) of subdivision (b) of section 68.7; or at least four years of professional experience, after successful completion of the education requirements set forth in paragraph (2) of subdivision (b) of section 68.7 or paragraphs (1) and (2) of subdivision (c) of section 68.7; or twelve years of experience as set forth in paragraph (3) of subdivision (b) of section 68.7 that was either:

(i) under the supervision of a licensed professional geologist;

(ii) under the supervision of a geologist or engineer, whom the board recognizes as qualified to have responsible charge of geologic work; or

(iii) entailed the applicant being in responsible charge of geological work as described in paragraphs (1), (2) and (3) of subdivision (a) of this section.

(b) Exception to the practical experience in geological work requirements. In lieu of the practical experience in geological work requirements set forth in subdivision (a) of this section, the board may accept research in, or the teaching of, geological sciences at the college or university level as qualifying practical experience in geological work, if,

in the judgment of the board, the research or teaching is comparable to the practical experience obtained in the practice of geology.

7. Section 68.9 of the Regulations of the Commissioner of Education is renumbered section 68.12, and a new section 68.9 is added, effective November 21, 2016, to read as follows:

§68.9 Licensing examinations for geology.

(a) The licensing examination shall consist of:

(1) fundamentals of geology; and

(2) practice of geology.

(b) The grade retention provisions of section 59.5(f) of this Title shall not be applicable to geology examinations.

(c) Passing score. The passing scores for the examinations for licensure as a professional geologist shall be determined by the department, in consultation with the State Board for Engineering, Land Surveying and Geology.

(d) An applicant for admission to the fundamentals of geology examination shall:

(1) be within 20 credits of graduation from a bachelor's degree program in geological sciences registered as leading to licensure pursuant to section 52.46 of this Title, or accredited by an acceptable accrediting agency, or a bachelor's degree program that is substantially equivalent to such a registered or accredited program as determined by the department; or

(2) hold a bachelor's degree from a bachelor's degree program in a related science or engineering and be in the last semester of a master's or doctoral degree program in geological sciences that satisfies the requirements of section 52.46 of this

Title, or hold a bachelor's degree and a master's or doctoral degree from programs that are substantially equivalent to such programs as determined by the department; or

(3) have completed eight years of experience acceptable to the State Board for Engineering, Land Surveying and Geology pursuant to section 68.8 of this Part.

(e) An applicant for admission to the practice of geology examination shall:

(1) have completed the education and experience requirements set forth in sections 68.7 and 68.8 of this Part; or

(2) have completed 12 years of experience acceptable to the State Board for Engineering, Land Surveying and Geology pursuant to section 68.8 of this Part.

8. Renumbered section 68.10 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

§68.[7]10 Licensure by endorsement of out-of-state examination.

The department may license an applicant who meets all the requirements for licensure in New York State, except examination and has been issued a license or certificate to practice professional engineering, [or] land surveying or professional geology issued to him or her upon written examination by a legally constituted board of examiners in any other state or political subdivision of the United States, provided that the examination for such license or certificate was the equivalent of the examination required in this State at the time it was issued.

9. Renumbered section 68.11 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

§68.[8]11 Limited permits.

(a) In accordance with section 7207(1) of the Education Law and upon recommendation of the board, the department may issue to an engineer who is not a resident of this State and having no established place of practice in this State a limited permit to practice engineering solely in connection with a single specified project and subject to the same registration and revocation restrictions as a license, provided that such applicant submits:

(1) . . .

(2) . . .

(3) . . .

(4) payment of a permit fee of \$[60]105 and, in addition, payment of the statutory registration fee.

(b) In accordance with section 7207(2) of the Education Law, the department may issue a limited permit to practice as a professional engineer, [or] land surveyor or professional geologist in this State, when such practice does not aggregate more than 30 days in any calendar year, to a person not a resident of this State and having no established place of practice in this State, provided that such applicant submits:

(1) . . .

(2) written confirmation, submitted to the department by the appropriate licensing authority, that the applicant is legally qualified to practice as a professional engineer, [or] land surveyor or professional geologist or the equivalent in his or her own state or country; and

(3) payment of a permit fee of \$[60]105.

(c) In accordance with section 7207(3) of the Education Law and upon recommendation of the board, the department may issue to a geologist who is not a resident of this State and having no established place of practice in this State a limited permit to practice geology solely in connection with a single specified project and subject to the same registration and revocation restrictions as a license, provided that such applicant submits:

(1) a completed application form, including:

(i) the applicant's current residential and employment addresses;

(ii) a description of the project for which the limited permit is requested; and

(iii) a detailed description of experience satisfactory to the board and of a nature related to the project in this State for which the limited permit is requested.

(2) at least two satisfactory certifications as to the character and qualifications of the applicant submitted to the department by licensed professional geologists, at least one of whom shall be a resident of this State;

(3) written confirmation, submitted to the department by the appropriate licensing authority, that the applicant is legally qualified to practice as a professional geologist or its equivalent in his or her state or country; and

(4) payment of a permit fee of \$105 and payment of the statutory registration fee.

10. The title of renumbered section 68.12 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016 to read as follows:

§68.912 Scope of practice by exempt persons.

11. Renumbered section 68.13 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

§68.[10]13 Seals.

For those applicants initially applying for licensure on or after July 1984, seals used by licensed professional engineers, [and] land surveyors and professional geologists shall be circular in shape, approximately 1 ¾ inches in diameter, bearing the legend at the top of the outer band, "STATE OF NEW YORK" and at the bottom "LICENSED PROFESSIONAL ENGINEER" or "LICENSED LAND SURVEYOR" or "LICENSED PROFESSIONAL ENGINEER AND LAND SURVEYOR" or "LICENSED PROFESSIONAL GEOLOGIST" as the case may be. In the circle above the Great Seal of New York shall be shown the name of the licensee, and below the Great Seal the license number with no other letters or numbers.

12. The title of renumbered section 68.14 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

§68.1[1]4 Continuing education for professional engineers.

13. Subclause (7) of clause (b) of subparagraph (ii) of paragraph (3) of subdivision (c) of renumbered section 68.14 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

(c) Mandatory continuing education requirement.

(1) . . .

(2) . . .

(3) Acceptable continuing education. To be acceptable to the department, continuing education shall meet the requirements of this paragraph. Such continuing education must be in the subjects prescribed in subparagraph (i) of this paragraph and be the types of learning activities prescribed in subparagraph (ii) of this paragraph.

(i) . . .

(ii) Types of learning activities. Acceptable continuing education shall be the types of learning activities prescribed in this subparagraph and be subject to the limitations prescribed in this subparagraph.

(a) . . .

(b) Other educational activities. Acceptable continuing education shall be the following other educational activities, provided that no more than 18 hours of continuing education in a registration period shall consist of such other educational activities:

(1) . . .

(2) . . .

(3) . . .

(4) . . .

(5) . . .

(6) . . .

(7) serving on any committee or task force that addresses technical and/or regulatory issues relating to the professional practice of engineering, provided that such committee or task force has been established by a governmental entity, professional association, or other entity determined by the department, with assistance from the State Board for Engineering, [and] Land Surveying[,] and Geology, to be acceptable.

Continuing education hours that may be credited for this activity shall be one hour of credit for every two hours of service while engaged in activities directly related to professional practice. To be acceptable for continuing education credit, such service must be certified in writing by an authorized individual within the committee or task force and approved by the department. No more than nine hours of such continuing education may be included during each registration period.

14. Subdivision (i) of renumbered section 68.14 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

(i) Sponsor approval.

(1) . . .

(2) The department shall deem approved as a sponsor of continuing education to licensed professional engineers in the form of courses of learning or self-study programs:

(i) a sponsor of continuing education that is approved by the International Association for Continuing Education and Training (IACET), or the Practicing Institute of Engineering, or the American Institute of Architects Continuing Education System (AIA/CES), or an equivalent organization determined by the department with assistance from the State Board for Engineering, [and] Land Surveying and Geology to have adequate standards for approving sponsors of continuing education for professionals regulated by Title VIII of the Education Law that include but are not limited to standards that are equivalent to the standards prescribed in clauses (3)(ii)(a), (c) and (d) of this subdivision; or

(ii) . . .

(3) Department review of sponsors.

(i) . . .

(ii) Organizations desiring to offer courses of learning or self-study programs based upon a department review under this paragraph shall submit, with the fee as set forth in subdivision (j) of this section, an application for advance approval as a sponsor at least 90 days prior to the date of the commencement of such continuing education that documents that the organization:

(a) . . .

(b) . . .

(c) provides course instructors who are qualified to teach the courses which will be offered, including but not limited to, faculty of a college of engineering accredited by an acceptable accrediting agency; or instructors who are specially qualified authorities in engineering, as determined by the department with assistance from the State Board for Engineering, [and] Land Surveying[, and Geology], to conduct such courses;

(d) . . .

(e) . . .

15. The title and subdivision (a) of renumbered section 68.15 of the Regulations of the Commissioner of Education are amended, effective November 21, 2016, to read as follows:

§68.1[2]5 Continuing education for land surveyors [(Effective until June 30, 2014)].

(a) General Provisions.

(1) Expiration date. In accordance with section 2 of chapter [135] 61 of the Laws of [2002] 2014, this section shall not be in effect on or after June 30, 20[1]24.

(2) . . .

16. Subclause (7) of clause (b) of subparagraph (ii) of paragraph (2) of subdivision (c) of renumbered section 68.15 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

(c) Mandatory continuing education requirement.

(1) . . .

(2) . . .

(i) . . .

(ii) Types of learning activities. Acceptable continuing education shall be the types of learning activities prescribed in this subparagraph and be subject to the limitations prescribed in this subparagraph.

(a) . . .

(b) Other educational activities. Acceptable continuing education shall be the following other educational activities, provided that no more than eight hours of continuing education in a registration period shall consist of such other educational activities, including but not limited to self-study programs:

(1) . . .

(2) . . .

(3) . . .

(4) . . .

(5) . . .

(6) . . .

(7) serving on any committee or task force that addresses technical and/or regulatory issues relating to the professional practice of land surveying, provided that such committee or task force has been established by a governmental entity, professional association, or other entity determined by the department, with assistance from the State Board for Engineering, [and] Land Surveying [,] and Geology, to be acceptable. Continuing education hours that may be credited for this activity shall be one hour of credit for every two hours of service while engaged in activities directly related to professional practice. To be acceptable for continuing education credit, such service must be certified in writing by an authorized individual within the committee or task force and approved by the department. No more than nine hours of such continuing education may be included during each registration period.

17. Subdivision (i) of renumbered section 68.15 of the Regulations of the Commissioner of Education is amended, effective November 21, 2016, to read as follows:

(i) Sponsor approval.

(1) . . .

(2) The department shall deem approved as a sponsor of continuing education to licensed land surveyors in the form of courses of learning or self-study programs:

(i) a sponsor of continuing education that is approved by the International Association for Continuing Education and Training (IACET), or the Shaw Fund Continuing Education Approved Provider Program, or the Practicing Institute of Engineering, or the American Institute of Architects Continuing Education System (AIA/CES), or an equivalent

organization determined by the department with assistance from the State Board for Engineering, [and] Land Surveying and Geology to have adequate standards for approving sponsors of continuing education for professionals regulated by title VIII of the Education Law that include but are not limited to standards that are equivalent to the standards prescribed in clauses (3)(ii)(a), (c) and (d) of this subdivision; or

(ii) . . .

(3) Department review of sponsors.

(i) . . .

(ii) Organizations desiring to offer courses of learning or self-study programs based upon a department review under this paragraph shall submit, with the fee as set forth in subdivision ([i]j) of this section, an application for advance approval as a sponsor at least 90 days prior to the date of the commencement of such continuing education that documents that the organization:

(a) . . .

(b) . . .

(c) provides course instructors who are qualified to teach the courses which will be offered, including but not limited to, faculty of a college of land surveying accredited by an acceptable accrediting agency; or instructors who are specially qualified authorities in land surveying, as determined by the department with assistance from the State Board for Engineering, [and] Land Surveying [,] and Geology, to conduct such courses;

(d) . . .

(e) . . .
