2. Subdivision (b) of section 200.7 of the Regulations of the Commissioner of Education is amended by adding a new paragraph (10) to read as follows:

Beginning with the 2023-2024 school year, schools governed by this section and approved preschool programs serving preschool students with disabilities, other than a multidisciplinary evaluation component of a preschool program, shall develop and adopt an emergency remote instruction plan, and shall annually update such plan. Schools and programs must provide an opportunity for public comments at least thirty days prior to the plan's adoption to allow school personnel, parents, students and any other interested parties to inform the emergency remote instruction plan. Such plan shall be posted on the school or program website, provided, however, that if a school or program does not have a public website, the school or program may identify an online platform that allows the plan to be directly communicated to students and parent(s) or person(s) in parental relationship, school or program staff, and the public. Each school or program shall survey students and parents and persons in parental relation to such students to obtain information on student access to computing devices and access to internet connectivity to inform the emergency remote instruction plan;

(b) expectations for school or program staff as to the proportion of time spent in synchronous and asynchronous instruction of students on days of remote instruction under emergency conditions with an expectation that asynchronous instruction is supplementary to synchronous instruction;

(c) a description of how instruction will occur for those students for whom remote instruction by digital technology is not available or appropriate;

(d) a description of how special education and related services will be provided to students with disabilities, as defined in section 200.1(zz) of this Chapter, and preschool students with disabilities, as defined in section 200.1(mm) of this Chapter, as applicable, in accordance with their individualized education programs to ensure the continued provision of a free appropriate public education.
